The Art HOUSE

ACCOMMODATION for couples...
right on the beach

Nestled behind beautiful landscape gardens, the Art House Beachfront Accommodation is perfectly located right on the beach.

Emerald Beach is a breathtakingly beautiful coastal village near Coffs Harbour, located on the north end of the tranquil Mid North Coast of NSW. Surrounded by the Solitary Islands Marine National Park, Emerald Beach has a lot to boast about. It is a nature lover's paradise! Beautiful headlands are to be explored and a choice of many beaches to lie on depending on the breeze, AND a great surfing destination. The village has everything you need, two of the best restaurants on the Mid North Coast, Pizza & Pasta take-a-way, a general store, bottle shop, hair dressing salon and most importantly a massage clinic!

This Art house was originally built as a small motel some 40 years ago. It has had many transformations over the years, from a family holiday destination, permanent accommodation and to recently an art gallery. Now, once again, in keeping with creativity it has been transformed into a beautiful couples retreat, and will always have a selection of original artworks as its feature.

For those seeking a little luxury, and time together to laze away tranquil days in a stunningly beautiful location this studio is the perfect destination for a relaxed escape.
