At Anam we believe that good food and cooking brings friends, family, and loved ones together—and keeps them together.

Raised by first generation immigrant Vietnamese-Australian families we were nurtured with a love for Vietnamese heritage and cuisine.

Our mission is to show you how authentic Vietnamese food is simple, fresh, and delicious. Together we share foods that reflect our cultural heritage as well as experimenting with new inspirations from around the world.

Our love of good food knows no bounds and our appetite is insatiable, so we hope you join us on our journey of bringing people together.

All our food is made with added love and NO MSG!!!

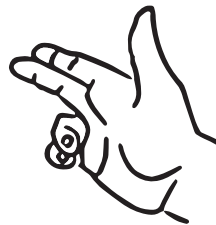

How to use Chopstick

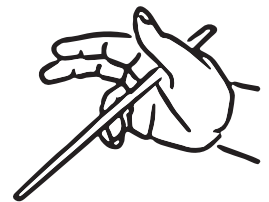

1. Hold hand out, (as if ready to shake hands); thumb is up.

2. Separate fingers as shown in diagram

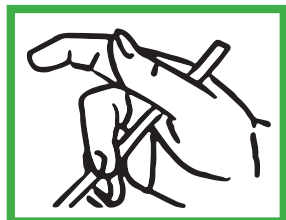

3. Fold lower 2 fingers inwards $1/2$ -way.

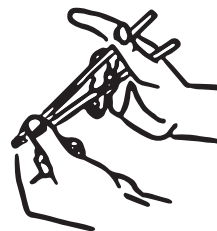

4. Place 1 chopstick in the crook of your thumb; clamp it. Back of chopstick sticks out about $3/4$ "; middle rests on 2 bottom fingers at the start of the nail).

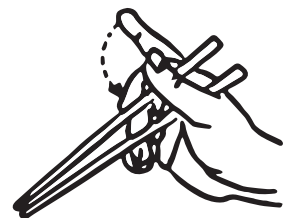

5. Bring your middle finger down, so it rests on top of your lower 2 fingers.

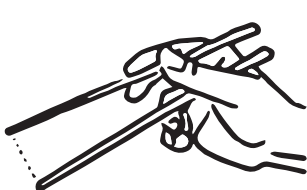

6. ... but **DON'T** cross finger over the chopstick.

7. Place 2nd chopstick to make a "V" shape (the front end-points of the chopstick touch).

8. Bring your index finger down, on top of upper chopstick.

NOW YOU ARE READY TO EAT!

ENTRÉE

Món Khai Vị
