ABOUT OUR COFFEE

WHITE

An aromatic blend packed with flavour and depth. Specifically roasted for Vaughan's, this blend is dedicated for milk based coffee

BLACK

Honey processed single origin bean from Alajuela, Costa Rica. With taste notes of plum and red currant, this coffee is both fruity and complex

FILTER

Searching the world for different and unique coffees, our baristas brew up something new for you to try on the Mocca Master. Check with our staff to see what's brewing today

COLD DRIP

Our house-made cold drip coffee is available on our menu everyday as well as in 250ml and 500ml bottles to takeaway. Cold drip coffee is the result of a long process where cold filtered water is dripped over our fair trade coffee for 10 hours. Best enjoyed on the rocks!

LOCAL REGION DROPS & OTHERS WE LOVE
