JACK AND SHANAN'S

A PIECE OF Palm Cove Paradise

The popular Palm Cove place to relax and indulge, Jack & Shanans, is bringing locals and the tourists back again and again. The family-owned restaurant named after the kids, opened just over one year ago in its idyllic esplanade location.

Originally known as the place to go to for homemade Italian gelato, gourmet crepes and refreshing 'jooce's', the upgraded kitchen is now wowing guests even further for breakfast, lunch, dinner, and everything in between.

Owner and manager, Paul Gilmartin, wanted to "keep the food real, of great quality and great value" by offering plates that celebrate our tropical environment, served in style and in hearty portions.

While still spinning their famous crepes, Jack & Shanans now offers a wider variety of sensational dishes. With valued input from Operations Manager, Jerome Fagard, and Head Chef, Stephen Puffett, the restaurant is now exceeding diners' expectations with the delicious menu, quality service and serene ambience – whether it be an evening cocktail on the back deck with the peaceful sounds of the waterfall splashing in Drift Resort's fluorescent pool, or enjoying breakfast on the front deck overlooking the coral sea as a backdrop to all that the picturesque esplanade has to offer.

Seeking a healthy balance while on holidays? Paul's sister, Lynn Gilmartin, has her little corner of health in Jooce Bar. This is your go-to bar for freshly made cold-pressed juices, smoothies and superfood bowls. With ingredients like coconut milk, mango and dragon fruit, you can literally taste FNQ.

The tropical flavours continue at Jack & Shanans throughout breakfast, lunch and dinner. Guests keep coming back for the 'Lime Infused Calamari', 'Oysters of Passion' – Pacific Bay Oysters with gin and passionfruit sorbet and the stunning 'Coral Reef' with a Mexican twist -- locally-caught fresh whole baby barramundi and prawns served in crisped, organic buckwheat shells topped with avocado, salsa and sour cream. And that's not the only touch of Mexico you'll find here. Lynn and her partner, Angel Guillen, spend much of each year in Mexico. So they couldn't help but add some exotic central-American influence to the menu. The 'Molcajete' (pronounced mol-cah-het-e) is the perfect dish to share, loaded with sizzling strips of local meats and seafood, served up with freshly-spun buckwheat crepes to wrap your feast up with all your traditional Mexican toppings, fajita style!

Unique dietary requirements? Jack & Shanans has you covered with the most extensive gluten-free menu around, loads of dairy-free sorbets and smoothies, and uber-tasty veggie dishes. No need to worry about the children's appetite either, considering Jack and Shanans themselves are the little ones behind the approval process of the kids menu!

Jack & Shanans offers the ideal dining experience for all. If you're seeking an intimate meal, taking the family out for dinner, or a booking a group function – they've got you covered right here in their little piece of Palm Cove paradise.
