## **TWISTED PALM - PURE GOLD!**

Burleigh Brewing have added another medal to their ever-growing collection, this time a gold medal for their newest brew Burleigh Brewing Twisted Palm.

The gold medal was awarded at the most recent World Beer Championship tastings, held in Chicago in November. Awarded 91 points, with a rating of "Exceptional", Twisted Palm has certainly done the Burleigh Brewing family proud.

Here is a snippet of what the judges had to say; "Flavors of tangerine and grapefruit ... with a supple, bright, effervescent, dryish light-to-medium body and an effortless, touch of dried orange and mango finish. A very tasty fruity session ale."

*"To win a Gold at the World Beer Championships so soon after release is a huge achievement and speaks volumes about our steadfast commitment to quality-driven brewing methods,"* says CEO Peta Fielding.

Released in September this year, Twisted Palm is a tropical pale ale brewed to capture the special essence of Burleigh Heads and everything the team love about living there.

Twisted Palm has quickly proven a hit across South East Queensland with the first batch selling out within a week and subsequent demand continuing to gain momentum as the first months of summer sunshine grace the Queensland Coast.

For those keeping score, Burleigh Brewing's trophy cabinet now holds 38 World Beer Championship medals, 22 of which are gold! Not to mention the prestigious World Beer Cup gold medal awarded for the Burleigh Brewing HEF in 2012. We know Burleigh Brewing like to let their consumers be the judge, but when judges are dishing out compliments like this it would be hard not to be singing it from the rooftops (or tank-tops in this case).

To get your hands on a bottle or glass of this award-winning brew, find the latest stockists listed here: <http://burleighbrewing.com.au/introducing-twisted-palm/>
