The Dancing Goat

Our story

Here at the Dancing Goat we make fresh house made quality food. From our own fresh baked breads and cakes, house made Sauces, locally sourced produce we even grow a bit of it ourselves. We create it all then we make it all. The homemade way is the only way. Our coffee is of the highest standard coming from the specialty coffee roasters Campos. Our baristas are trained to a standard that we only come to expect as the coffee culture today keeps on growing, with quality service the patrons of Mudgee and our guests have come to expect from this great food and wine region. We hope you thoroughly enjoy the part of your day that you spent with the friendly team at The Dancing Goat.
