## The Golf Course

Designed by renowned Australian golfer Graham Marsh, the North Lakes Golf Club layout is a 6455 metre par 72 Championship resort course which has been specifically created to provide a challenge to shot making without being a torturous test of golf. Shaped fairways encourage free play, however strategically placed avenues of native trees, resort style bunkers and water hazards guard the greens. North Lakes Golf Club is truly the first complete premium resort course to open in Brisbane and the first course in Australia to feature TifEagle greens.

### Arrival

Upon arrival at North Lakes Golf Club your guests will be greeted by our staff who will assist with baggage handling. Each player will be issued with a customised scorecard and players brief outlining rules of the day. These will be located on the steering wheel of each cart.

### Registration

Player registration is conducted in the Clubhouse and can be assisted by North Lakes professional staff. If required players may be issued a gift bag or name tag at this check point. The players will also have access to complimentary male and female lockers and a breakfast or lunch can be provided during this time. 15 minutes prior to tee off the players will be addressed at their carts by our Head Marshall explaining the rules for the day.

### On Course

A marshall will be circulating throughout the round ensuring steady pace of play. Duration of the round is approximately 4 ½ to 5 hours.

### Presentation

A presentation table, microphone and lectern will be available for speeches and prizes during the dining period. Our staff can co-ordinate and assist with the setting up of prizes for this time.

## Starting Options

**Shotgun Start** - A shotgun start is a golf tournament format in which all groups of players tee off simultaneously from designated holes. This is the ideal start for larger groups allowing all teams to return to the Clubhouse at similar times for the after game function and presentation of prizes. *A minimum of 40 players are required for a shotgun start.*

**Single Tee Start** - This is a commonly used structure suitable for smaller groups. Golfers tee off from the first tee in 8-minute consecutive intervals. Used for 40 players or less.

## Competition Formats

**Ambrose** - A friendly format, fun for all standards of golfers and used in the vast majority of Corporate Golf Days. The Ambrose format is very popular as it allows all standards of golfers to mix and play together with equal enjoyment irrespective of ability. It also helps to promote teamwork as one score is recorded per hole and generally minimises the amount of time looking for lost balls. Groups of two players (2 man ambrose) or four players (4 man ambrose) work as a team.

**Stableford** - Stableford is a competition which can be played as an individual competition, a team competition or a combination of both. Stableford is a format most suited where the standard of players in your field is intermediate or higher. Beginner golfers may feel intimidated (even though they can pick up their ball after a certain number of strokes) playing with better golfers.
