DID YOU KNOW?

Did you know many pizzerias use processed, unnatural ingredients? Things like dough conditioners and relaxers, all kinds of sugars, fats and preservatives. One of the largest pizza chains has almost 15 ingredients.....ask your pizzeria what's in their dough.

Our dough is made fresh in house with 5 ingredients: flour, water, fresh yeast, salt and a light drizzle of extra virgin olive oil. We never add relaxers, sugars or preservatives or freeze our dough. We only use vine ripened tomatoes for our sauce, packed fresh at their peak and never frozen or with preservatives. Other restaurants offer a huge menu, from chips and pastas, to steaks and kebabs, the menu is never ending. As the old saying goes, "A jack of all trades is a master of none." To offer such a wide variety, most restaurants use premade and frozen foods (made elsewhere) that are re-heated in the store. While we may not have the widest selection of dishes, you can be sure we only bake what we can inside our kitchen. Our dough, garlic knots, salads and pizzas are all made fresh in store, every day. As we say in Brooklyn, if it ain't fresh, fuhgettaboudit.
