CAKES & DESSERTS

On Display at the counter

84 on Albert is owned and operated by Brad and Kirstie Coulter. With their 2 boys William and Jacob in tow, Creswick is their new home. After finishing in December 2018 at their school café in Werribee, 84 on Albert is their new full-time adventure!

Past owners have all made their own changes to 84 Albert street, and now there's a touch of history. But looks may be deceiving from outside because inside you will find little treasures throughout. From the mural found in the entrance of Albert street back in the 1860's, a cabinet of treasures from different decades in history, and stories from the past and a collection of Antiques, gifts & collectables for purchase.

But if history isn't everyone's cup of tea, the family will certainly find their entertainment covered. With 4-hole mini golf course out the back, magnetic darts, Jukebox and a range of board games for customers use. Plus a book exchange with lots of treasures to read & swap!

Lots of changes have been made on the way but the biggest came when COVID-19 hit our shores! This changed the way businesses operate and made owners think outside the square. With these changes came the introduction of Home Delivery in the evenings and Monday Roast Day! Our aim is to get out to the community if they can't come to us!

Brad & Kirstie invite you to come and see for yourself what customers are raving about!

BYO Only – No Corkage
