coconut mylk

### WELCOME TO VEGOUT

**We are a small family business that loves food**  
We do small batch cooking to keep everything  
fresh & delicious.

**Not everything is what it seems here at VegOut**  
For example:  
Our cheeze sauce is made from carrots & potatoes.  
Plus our chikun is hand-made from flour & spices.

**Everything we do is available to dine in or takeaway**  
No bookings required, just walk in & order at the counter.

**We aim to make as much as possible in-house  
by our creative team.**  
We love using local & supporting other small businesses.

**Our mission is to create plant-based comfort food  
with the motto.....**

*Food for everyone*
