

CARTA DEI VINI

Wine list

Welcome to the Cavallino wine list. These pages represent a selection of wines which flow and complement, and a list which we believe hold both highest quality wines, and those most well suited to our delicious menu.

These wines are a selection from a mix of vineyards. Some are small and unknown, while others are larger and with bold reputations, with equally bold wines to match, and highly prized from the regions of Italy.

We constantly refine the restaurant's wine list to ensure guests can be taken on an 'adventure'. The list celebrates the wonderful diversity and quality that both Italian and Australian wines have to offer.

This wine selection showcases the unique and the unusual and celebrates the classics. To complement the cuisine, there is a special focus on wines from across the regions of Italy, to ensure each dish is appropriately matched to what you are drinking.

ENJOY THE JOURNEY!
