## BOUTIQUE BAR

The story behind Bob is a story of love.  
Love for sharing delicious food and great drinks with friends,  
and most importantly, love for a dog called Bob.

After travelling for years and experiencing the best small bars the world can offer, Bob's family decided to open an intimate space which combined their favourite aspects of all those bars, in a beautiful place in Western Australia.

Our philosophy is to provide a space to create memories, enjoy the highest quality food and explore a whole world of fine wine and spirits you may never have experienced.

We love what we do, and we love sharing it with you.

## BARTENDERS CHOICE

### *Golden Solero*

24

The only thing better than lying on a tropical beach surrounded by palm trees is if you were doing so with this in your hand. Trust us. We'll make your dreams come true.

*Gold 999.9 Gin, Passionfruit, Lime, Pineapple, Coconut, Bubble*

### *Lygon St*

20

What happens when you add a coulis to a Gin and Tonic? Great things, that's what. The Lygon St was conceived on a balmy Melbourne evening at a dinner party filled with friends, laughter and bloody good food. It's pretty, pink, and tastes like a summer you never want to end.

Created by Milli Henderson-Pitman

*Tanqueray, Strawberries, Cointreau, St Germain & a Dash of Tonic*

### *Mrs Plum*

22

A curious bartender took a chance creating a plum inspired cocktail unlike any other. The result is Mrs Plum, a fluffy, lilac concoction that tastes like a dream.

Created by Harmony Williamson

*Autonomy Davo Plum Aperitivo, The Botanist Gin, Homemade Plum sweet & sour mix & Egg White*

### *The Good Reverend*

22

Finally a decision was made to take a controversial classic and kick it a several decades into the past: "let's make a Piña Colada for the late night loungers", and after more bottles of Plantation than were strictly necessary, The Good Reverend was born.

Created by Luke Rigby

*Plantation Pineapple Rum, Averna, Coconut & Sage Foam*

# GIN

We love gin.

We love exploring the world through gin. If you don't know what you are looking for, we are more than happy to help.

A garnish can completely change the flavour of a gin, enhance specific elements and elevate the complexity to ensure the gin is being enjoyed the way it is meant to be.

We have added our recommendations for garnishes for each gin, but if you're looking for something different, just ask.

We just want you to love it as much as we do.
