Allergan Information

All Pizzas and Pastas are made fresh to order. If you wish to add/remove ingredients, please advise or use the app when ordering. We have Vegan based cheese, so many Vegetarian options represented on our menu can be substituted. Whilst there are gluten free options available, please be aware that our food is prepared in areas with gluten products, and we cannot guarantee it is completely gluten free. Our Beef and Chicken are Halal Friendly. Please be aware some olives may contain pits. We also use eggs and nuts in our kitchen, please be aware.

ABOUT US

We're here because we LOVE pizza and gelato! However we're also here for a serious reason. We're here to raise funds and awareness for a rare neurological disease called KIF1A. Each sale brings us closer to finding a cure for children diagnosed with KIF1A, as our store sends a percentage of our sales to research in the Murdoch Childrens Research Institute in Melbourne. This particular disease is close to our hearts as our youngest son has been diagnosed with it, and this progressive disease is something we want to cure (along with our son).
